As you know, your genealogical committee have been working diligently for three years on ALL the histories of the descendants of Joshua Davis and his four wives. We are also including the spouses and children of these direct descendants in YOUR family book. The book is nearing the end of compilation but it is not yet complete!!! We do not have complete information on YOUR family.

Folks, we are at a standstill on publication of this book without your important family information. We will not leave anyone out! In our book, we are including family pictures, family group sheet information, and stories and histories on ALL the descendants and their spouses. In your particular case we need:

- ① a nice picture of you & your family
- ② Exact Endowment Date of Vernal Dale
October 1950
- ③ Marriage date of you both July 17, 1959
& marriage place Logan Temple

If you are submitting pictures, please see that they are properly labeled. Also proofread your histories for correct dates, places, etc.

Please take this request seriously, and respond quickly so costly telephone calling and trips to your home will not be necessary.

Thank you for your cooperation and time spent in this worthy effort to accomplish the Lord's work. You will be notified when the book is ready.

We are very anxious to have all this information properly assembled for our family reunion on August 20, 1966 at the Eldred's Center in Provo. Please mail your part this week to:

Sincerely,

R. Raymond Green

I'm very sorry about the delay
but I have been quite sick.
I'm sorry but we do not
have a picture of our family.
Thank you for being patient
with us.
